IMPORTANT INFORMATION REGARDING THE PREMERA SECURITY BREACH

The NASI Welfare Fund is in contact with Blue Cross Blue Shield of Illinois (“BCBSIL”), the Fund’s preferred provider network, about the situation at Premera Blue Cross (“Premera”). BCBSIL has now confirmed that personal information regarding a number of active and former NASI Welfare Fund participants (dating back to 2002) was disclosed as a result of a security breach at Premera. According to Premera, the personal information disclosed included names, dates of birth, health care identification numbers, home addresses, email addresses, employment information and income data. Social Security numbers were also disclosed to the extent the number was the member identification number which was the case for about 40 of the almost 4,000 current and former NASI Welfare Fund Participants impacted by this breach.

Premera indicated that on March 17, 2015, it began to individually notify, by regular mail, any NASI Welfare Fund participant or beneficiary who was affected by the Premera security breach. Premera also advises that participants who believe they may have been affected by the security breach but have not received a letter from Premera by April 20, 2015, should call -800-768-5817, Monday through Friday, between 8:00a.m. and 11 p.m. Eastern Daylight Time. This phone number may also be used call if you have general questions related to the security breach.

Premera has created a dedicated website (www.premeraupdate.com) where you can access up-to-date information about the situation at Premera. The Premera Update website also contains a link to information that explains how to obtain the two year credit monitoring and identity repair services that Premera is offering free of charge. The Premera Update website also provides a link to a “Frequently Asked Questions” webpage regarding the security breach.

The Premera Update website cautions participants to be aware that phone calls or emails offering identity theft protection may actually be schemes designed to steal your information. The Premera Update website provides fraud prevention tips to make you aware of steps you can take to guard against this kind of identity theft and fraud.

This information will be updated as additional information becomes available to the NASI Welfare Fund.
